Ross - attached is the IAP I started today. If Steve would work on updating all of these, that'd be a huge help. All docs/supplementary plans are due to me (and Steve), NLT 1530.

Like I mentioned, I've been using the Coast Guard IMH, which is available in the App store or online if you google it.

Also, I just added a 10:00am UC Objectives Meeting.

It would be great if Ops would come to Tactics and present the plan for the following up period by division.

I really appreciate your and your team's help!
